

Train the Trainer

FETAC Level 6

This FETAC Level 6 Train the Trainer course will provide you with the skills, insight and knowledge to manage training and development in a professional manner.

It will develop an awareness of the context for training and development, and the key issues that impact on its planning and delivery. It will also enable training and development professionals to enhance their expertise to develop, design, deliver, assess and evaluate training within their organisation.

Who should participate?

The Train the Trainer course is ideal for those wishing to work professionally in the field of training and development and require a recognised qualification, those who wish to take up a training position within their Organisation or those who simply wish to feel more confident as a trainer.

What will participants gain?

We will provide you with all the tools and techniques to work professionally and confidently as a trainer. You will learn new skills and ideas through both theoretical and practical means and will gain the necessary skills and knowledge which you will require to develop, design, deliver and evaluate professional training programmes.

Course Aims

The Aim of the Train the Trainer Course is to:

- Understand different learning styles
- Understand the functions and processes of learning and training
- Evaluate different approaches to training
- Appreciate the importance of training on an individual, social and economic level
- Work effectively with a range of learner groups
- Design, deliver and evaluate training programmes
- Develop and implement appropriate assessment methods

Assessment

A combination of module appropriate assessment procedures will facilitate the assessment of learning outcomes of the Train the Trainer course. Participants will be expected to complete a Written Assignment (50%) and Skills Demonstration (50%).
